

**Personnel - General**  
**CIVIL AIR PATROL UNIFORM MANUAL**

CAPM 39-1 dated 1 July 1997 is supplemented as follows:

**Section B – Badges and Devices**

Table 5-3 item 9 Emergency Services Patch states "Wing Commander must authorize in accordance with CAPR 50-15"

1. The Emergency Services (ES) patch is not to be confused with the ES badge.
2. a. The ES patch is authorized to be worn by all ES rated personnel. This means those who hold a current valid ES (CAPF 101) card are eligible to participate in emergency services missions. This is authorized for wear only on the battle dress uniform and flight clothing (ref. CAPM 39-1).  
b. For those members currently holding valid Emergency Services (CAPF 101) cards, the unit will prepare a CAPF 2a reflecting issuance of the patch and place it in the member's personnel jacket.  
c. For those members earning Emergency Services cards in the future, the 2a's will be prepared by the unit and placed in the member's personnel jacket when the approved ES card is returned from Group or Wing, whichever is appropriate.  
d. On the CAPF 2a, use Item IV, "Other" box and note Emergency Services Patch and place ES card number in Item VII, "Remarks".
3. The ES Badge is authorized to be worn only by those who meet the requirements as set forth in CAPR 35-6, par 2a-c. Also refer to the Emergency Services Track Study Guide, CAPP 213.
4. The awarding of ES Badges will be as prescribed by preparing a CAPF 2a and submitting it with supporting documents as specified in CAPR 35-6, para 3, a-e.
